Health problems of the aged

2

3

Health problems :-

4

- problems due to ageing process.

5

- problems associated with long term illness.

6

- psychological problems.

7

8

9

10

Problems due to aging process

11

• Senile Catarract

12

• Glaucoma

13

• Nerve deafness

14

• Osteoporosis affecting mobility

15

• Emphysema

16

• Failure of special senses.

17

• changes in

18

19

Problems due to associated c long term illness.

20

21

• Degenerative disease of heart & blood vessels.

22

23

• Cancers

24

• Accidents

25

• Diabetes

26

• Disease of locomoter system

27

28

Psychological problems.

29

30

• Mental changes : impaired memory

31

Date

Topic

1

Sexual adjustment diminution
of sexual activity > irritability

2

3

Emotional disturbance -

4

Failure of adaption to ageing
process > depression

5

6

Elderly Health problems:-

7

- Obesity

8

- Eye disease

9

- Diabetes

10

- Osteoarthritis

11

- Anaemia

12

- Cancer.

13

- Impact memory

14

- High blood pressure

15

- Gall stone.
